Proxy Statement

General Information

We are providing this proxy statement to you in connection with the solicitation of proxies by the Board of Directors of Berkshire Hills Bancorp, Inc. for the 2008 annual meeting of stockholders and for any adjournment or postponement of the meeting. In this proxy statement, we may also refer to Berkshire Hills Bancorp, Inc. as “Berkshire Hills,” the “Company,” “we,” “our” or “us.”

Berkshire Hills is the holding company for Berkshire Bank and Berkshire Insurance Group, Inc. In this proxy statement, we may also refer to Berkshire Bank as the “Bank.”

We are holding the 2008 annual meeting at the Crowne Plaza Hotel, One West Street, Pittsfield, Massachusetts on Thursday, May 15, 2008 at 10:00 a.m., local time.

We intend to mail this proxy statement and the enclosed proxy card to stockholders of record beginning on or about April 3, 2008.

Information About Voting

Who Can Vote at the Meeting

You are entitled to vote the shares of Berkshire Hills common stock that you owned as of the close of business on March 20, 2008. As of the close of business on March 20, 2008, a total of 10,474,572 shares of Company common stock were outstanding. Each share of common stock has one vote.

The Company’s Certificate of Incorporation provides that a record owner of the Company’s common stock who beneficially owns, either directly or indirectly, in excess of 10% of the Company’s outstanding shares, is not entitled to any vote in respect of the shares held in excess of the 10% limit. There are no such record owners as of March 20, 2008.

Ownership of Shares; Attending the Meeting

You may own shares of Berkshire Hills in one of the following ways:

- Directly in your name as the stockholder of record;
- Indirectly through a broker, bank or other holder of record in “street name”; or
- Indirectly in the Berkshire Hills Bancorp, Inc. Stock Fund of our 401(k) Plan or the trust that holds restricted stock awards issued to directors and employees under our equity plans.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to

give your proxy directly to us or to vote in person at the meeting. If you wish to vote at the meeting, you will need to bring proof of identity.

If you hold your shares in street name, your broker, bank or other holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote by filling out a voting form that accompanies your proxy materials. Your broker, bank or nominee may allow you to provide voting instructions by telephone or by the Internet. Please see the form provided by your broker, bank or nominee that accompanies this proxy statement.

If you hold your shares in street name and wish to attend the meeting, you will need to bring proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of Berkshire Hills common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or nominee who is the record holder of your shares. You will also need to bring proof of identity to vote at the meeting.

Quorum and Vote Required

Quorum. We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy.

Votes Required for Proposals. At this year's annual meeting, stockholders will elect five directors to serve a term of three years. In voting on the election of directors, you may vote in favor of the nominees, withhold votes as to all nominees, or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the annual meeting. This means that the five nominees receiving the greatest number of votes will be elected.

In voting on the approval of the amended and restated 2003 Equity Compensation Plan and on the ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal or abstain from voting. To amend the plan and to ratify the selection of Wolf & Company, P.C. as our independent registered public accounting firm for 2008, the affirmative vote of a majority of the votes cast at the annual meeting is required.

Routine and Non-Routine Proposals. Applicable rules determine whether proposals presented at stockholder meetings are routine or non-routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote on the proposal without receiving voting instructions from the owner. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when a broker or other entity is unable to vote on a particular proposal and has not received voting instructions from the beneficial owner. The election of directors and the ratification of Wolf & Company, P.C. as our independent registered accounting firm for 2008 are currently considered routine matters, while the amendment to the 2003 Equity Compensation Plan is considered a non-routine matter.

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares to determine whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted to determine the existence of a quorum.

In the election of directors, votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In counting votes on the proposals to approve the amended and restated 2003 Equity Compensation Plan and to ratify the selection of the independent registered public accounting firm, we will not count abstentions and broker non-votes as votes cast on the proposal. Therefore, abstentions and broker non-votes will have no impact on the outcome of the proposal.

Voting by Proxy

The Company's Board of Directors is sending you this proxy statement to request that you allow your shares of Company common stock to be represented at the annual meeting by the persons named on the enclosed proxy card. All shares of Company common stock represented at the meeting by properly executed and dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. **The Board of Directors recommends that you vote "FOR" each of the nominees for director, "FOR" the approval of the amended and restated 2003 Equity Compensation Plan and "FOR" ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm for fiscal year 2008.**

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named as proxies on the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the meeting to solicit additional proxies. If the annual meeting is postponed or adjourned, your Company common stock may be voted by the persons named in the proxy card on the new meeting date, provided such new meeting occurs within 30 days of the annual meeting and you have not revoked your proxy. The Company does not currently know of any other matters to be presented at the meeting.

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy, you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy or attend the meeting and vote your shares in person by ballot. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

If you have any questions about voting, please contact our proxy solicitor, Georgeson Inc. at (866) 324-8870.

Participants in the Berkshire Bank 401(k) Plan

If you invest in Berkshire Hills common stock through the Berkshire Hills Bancorp Stock Fund in our 401(k) Plan, you will receive a voting instruction card that reflects all shares you may vote under the plan. Under the terms of the 401(k) Plan, a participant is entitled to direct the trustee how to vote the shares in the Berkshire Hills Bancorp, Inc. Stock Fund credited to his or her account. The trustee will vote all shares for which it does not receive timely instructions from participants in the same proportion as shares for which the trustee received voting instructions. **The deadline for returning your voting instructions is May 5, 2008.**

Corporate Governance

Director Independence

The Company’s Board of Directors currently consists of thirteen members, all of whom are independent under the listing requirements of The NASDAQ Stock Market, except for Mr. Daly, who is President and Chief Executive Officer of Berkshire Hills and Berkshire Bank. In determining the independence of its directors, the Board considered transactions, relationships and arrangements between the Company and its directors that are not required to be disclosed in this proxy statement under the heading “*Transactions with Related Persons*,” including loans or lines of credit that the Bank has directly or indirectly made to Directors Farrell, Mahoney, McCormick, Miller, Phelps, Templeton and Thurston.

Corporate Governance Policy

The Board of Directors has adopted a corporate governance policy to govern certain activities, including: the duties and responsibilities of directors; the composition, responsibilities and operation of the Board of Directors; the operation of board committees; succession planning; convening executive sessions of independent directors; the Board of Directors’ interaction with management and third parties; and the evaluation of the performance of the Board of Directors and of the chief executive officer.

Committees of the Board of Directors

The following table identifies our standing committees and their members as of December 31, 2007. All members of each committee are independent in accordance with the listing requirements of The NASDAQ Stock Market. Each committee operates under a written charter that is approved by the Board of Directors that governs its composition, responsibilities and operation. Each committee reviews and reassesses the adequacy of its charter at least annually. The charters of all four committees are available in the Governance Documents portion of the Investor Relations section of the Company’s Web site (www.berkshirebank.com).

Audit Committee

The Audit Committee assists the Board of Directors in its oversight of the Company's accounting and reporting practices, the quality and integrity of the Company's financial reports and the Company's compliance with legal and regulatory requirements related to accounting and financial reporting. The Committee is also responsible for engaging the Company's independent registered public accounting firm and monitoring its performance and independence. The Board of Directors has designated David B. Farrell as an audit committee financial expert under the rules of the Securities and Exchange Commission. Mr. Farrell is independent under the listing requirements of The NASDAQ Stock Market applicable to audit committee members.

Compensation Committee

The Compensation Committee approves the compensation objectives for the Company and the Bank and establishes the compensation for the Chief Executive Officer and other executives. The Compensation Committee also reviews the Company's incentive compensation and other equity plans and recommends changes to the plans as needed. The Compensation Committee reviews all compensation components for the Company's Chief Executive Officer and other highly compensated executive officers, including base salary, annual incentive, long-term incentives/equity, benefits and other perquisites. In addition to reviewing competitive market factors, the Compensation Committee also examines the total compensation mix, pay-for-performance relationship, and how all elements, in the aggregate, comprise the executive's total compensation package. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. See "*Compensation Discussion and Analysis*" for more information regarding the role of the Compensation Committee, management and compensation consultants in determining and/or recommending the amount or form of executive compensation.

Corporate Governance/Nominating Committee

The Company's Corporate Governance/Nominating Committee assists the Board of Directors in: (1) identifying qualified individuals to serve as Board members, (2) determining the composition of the Board of Directors and its committees, (3) monitoring a process to assess Board effectiveness and (4) developing and implementing the Company's corporate governance guidelines. The Corporate Governance/Nominating Committee also considers and recommends the nominees for director to stand for election at the Company's annual meeting of stockholders.

Minimum Qualifications. The Corporate Governance/Nominating Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. A candidate must meet the eligibility requirements set forth in the Company's bylaws, which include a residency requirement and a requirement that the candidate not have been subject to certain criminal or regulatory actions. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

If the candidate is deemed eligible for election to the Board of Directors, the Corporate Governance/Nominating Committee will then evaluate the following criteria in selecting nominees:

- financial, regulatory and business experience;
- familiarity with and participation in the local communities;
- integrity, honesty and reputation in connection with upholding a position of trust with respect to customers;
- dedication to the Company and its stockholders; and
- independence.

The Committee also will consider any other factors the Corporate Governance/Nominating Committee deems relevant, including age, diversity, size of the Board of Directors and regulatory disclosure obligations.

With respect to nominating an existing director for re-election to the Board of Directors, the Corporate Governance/Nominating Committee will consider and review an existing director's board and committee attendance and performance; length of board service; the experience, skills and contributions that the existing director brings to the board; and independence.

Director Nomination Process. The process that the Corporate Governance/Nominating Committee follows to identify and evaluate individuals to be nominated for election to the Board of Directors is as follows:

For purposes of identifying nominees for the Board of Directors, the Corporate Governance/Nominating Committee relies on personal contacts of the committee members and other members of the Board of Directors, as well as its knowledge of members of the communities served by Berkshire Bank. The Corporate Governance/Nominating Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth below. The Corporate Governance/Nominating Committee has not previously used an independent search firm to identify nominees.

In evaluating potential nominees, the Corporate Governance/Nominating Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under certain criteria, which are described above. If such individual fulfills these criteria, the Corporate Governance/Nominating Committee will conduct a check of the individual's background and interview the candidate to further assess the qualities of the prospective nominee and the contributions he or she would make to the Board.

Consideration of Recommendations by Stockholders. It is the policy of the Corporate Governance/Nominating Committee of the Board of Directors of the Company to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Corporate Governance/Nominating Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Corporate Governance/Nominating Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Corporate Governance/Nominating Committee's resources, the Corporate Governance/Nominating Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Procedures to be Followed by Stockholders. To submit a recommendation of a director candidate to the Corporate Governance/Nominating Committee, a stockholder should submit the following information in writing, addressed to the Chairman of the Corporate Governance/Nominating Committee, care of the Corporate Secretary, at the main office of the Company:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;

4. As to the stockholder making the recommendation, the name and address of such stockholder as it appears on the Company's books; provided, however, that if the stockholder is not a registered holder of the Company's common stock, the stockholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
5. A statement disclosing whether such stockholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of stockholders, the recommendation must be received by the Corporate Governance/Nominating Committee at least 120 calendar days before the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting, advanced by one year.

Risk Management Committee

The Risk Management Committee assists the Board of Directors in: (1) overseeing management's program to limit or control the material business risks that confront the Company; and (2) approving policies and procedures designed to lead to an understanding of and to identify, control, monitor and measure the material business risks of the Company and its subsidiaries. These material business risks include, but are not limited to, credit risk, interest rate risk, liquidity risk, regulatory risk, legal risk, operational risk, strategic risk and reputation risk.

Board and Committee Meetings

During 2007, the Board of Directors held eight meetings. All of the current directors attended at least 75% of the total number of the board meetings and committee meetings held on which such directors served during 2007.

Director Attendance at Annual Meeting of Stockholders

The Board of Directors encourages each director to attend annual meetings of stockholders. All but two directors attended the 2007 annual meeting of stockholders.

Code of Business Conduct

The Company has adopted a Code of Business Conduct that is designed to promote the highest standards of ethical conduct by the Company's directors, executive officers and employees. The Code of Ethics and Business Conduct, which applies to all employees and directors, addresses conflicts of interest, the treatment of confidential information, general employee conduct and compliance with applicable laws, rules and regulations. In addition, the Code of Ethics and Business Conduct is designed to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full and accurate disclosure and compliance with all applicable laws, rules and regulations. A copy of the Code of Business Conduct can be found in the Governance Documents portion of the Investor Relations section of the Company's Web site (www.berkshirebank.com).

Audit Committee Report

The Company's management is responsible for the Company's internal controls and financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the fair presentation of those financial statements in conformity with generally accepted accounting principles. The independent registered public accounting firm is also responsible for issuing an opinion on the Company's internal control over financial reporting based on criteria issued by the Committee on Sponsoring Organizations of the Treadway Commission. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and provided its Report on Internal Control over Financial Reporting. The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 114 (Communication With Those Charged With Governance), including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of its examination, its evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees) and has discussed with the independent registered public accounting firm the firm's independence from the Company and its management. In concluding that the registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, expresses an opinion on the fairness and conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented fairly in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent registered public accounting firm is "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements

be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission. The Audit Committee also has approved, subject to stockholder ratification, the selection of Wolf & Company, P.C. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008.

Director Compensation

The Company uses a combination of cash, restricted stock and stock options to attract and retain qualified candidates to serve on the Board. Equity compensation provides the opportunity to earn more based on the Company's total stockholder return and to align directors' interests with those of the Company's stockholders. The Corporate Governance/Nominating Committee reviews director compensation and benefits annually and makes recommendations to the Board. The following table provides the compensation received by individuals who served as non-employee directors of the Company during the 2007 fiscal year. This table excludes perquisites, which did not exceed \$10,000 in the aggregate for each director.

<i>Name</i>	<i>Fees Earned or Paid in Cash (\$)</i>	<i>Stock Awards (\$)(1)(2)</i>	<i>Option Awards (\$)(2)(3)</i>	<i>All Other Compensation (\$)(4)</i>	<i>Total (\$)</i>

- (1) Reflects the compensation expense recognized for financial statement reporting purposes in accordance with FAS 123(R) on outstanding restricted stock for each director. The grant date fair value of the 1,000 stock award shares granted in 2007 to Messrs. Dimock and Phelps was \$33,700, as recognized for financial statement reporting purposes as computed in accordance with FAS 123(R), based upon the Company's closing stock price of \$33.70 on the grant date of January 30, 2007. The grant date fair value of the 1,000 stock award shares granted to Ms. Hill in 2007 was \$30,900, as recognized for financial statement reporting purposes in accordance with FAS 123(R) based upon the Company's closing stock price of \$30.90 on the grant date of October 1, 2007. When shares become vested and are distributed from the trust in which they are held, the recipient will also receive an amount equal to accumulated cash and stock dividends (if any) paid with respect thereto, plus earnings thereon.

(footnotes continued on following page)

- (2) As of December 31, 2007, each non-employee director had the following number of unvested shares of restricted stock and stock options outstanding:

<u>Name</u>	<u>Shares of Unvested Restricted Stock Held in Trust</u>	<u>Stock Options Outstanding</u>

- (3) Reflects the compensation expense recognized for financial statement reporting purposes in accordance with FAS 123(R) for outstanding stock options for each of the non-employee directors, based upon a fair value of: (1) \$6.15 and \$7.98 for options granted in 2003 and 2004, respectively, to Mr. Bossidy; and (2) \$7.98 for options granted in 2004 to Messrs. McCormick, Thurston and Ms. Miller, in each case using the Black-Scholes option pricing model. The actual value, if any, realized by a director from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by a director will be at or near the value estimated above.
- (4) Reflects the dollar value of dividends paid on stock awards. For Mr. Mahoney, also includes \$15,920, which represents the imputed income recognized under a split-dollar life insurance arrangement.

Items to be Voted on by Stockholders

Item 1 — Election of Directors

The Company’s Board of Directors currently consists of thirteen members. The Board is divided into three classes, each with three-year staggered terms, with one-third of the directors elected each year. The nominees for election this year are Michael P. Daly, David B. Farrell, Susan M. Hill, Cornelius D. Mahoney and Catherine B. Miller, all of whom are current directors of the Company and the Bank.

It is intended that the proxies solicited by the Board of Directors will be voted for the election of the nominees named above. If any nominee is unable to serve, the persons named in the proxy card will vote your shares to approve the election of any substitute proposed by the Board of Directors. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve.

The Board of Directors recommends a vote “FOR” the election of all nominees.

Information regarding the nominees and the directors continuing in office is provided below. Unless otherwise stated, each individual has held his or her current occupation for the last five years. The age indicated in each nominee’s biography is as of December 31, 2007. There are no family relationships among the directors or executive officers. The indicated period for service as a director includes service as a director of the Bank.

Board Nominees for Terms Ending in 2011

Michael P. Daly is President and Chief Executive Officer of the Company and the Bank. Before these appointments, Mr. Daly served as Executive Vice President and Senior Loan Officer of the Bank. He has been an employee of the Bank since 1986. Age 46. Director since 2002.

David B. Farrell served as the President and Chief Executive Officer and a member of the Board of Directors of Bob's Stores, a retail company headquartered in Meriden, Connecticut, from October 1999 until his retirement in February 2008. Bob's Stores filed for Chapter 11 bankruptcy protection on October 22, 2003. Mr. Farrell led the company through the bankruptcy reorganization process and on December 24, 2003, Bob's Stores emerged from bankruptcy through the sale of substantially all of its assets to a subsidiary of the TJX Companies, Inc. Age 52. Director since 2005.

Susan M. Hill is President of Hill & Thompson, P.C., a certified public accounting firm located in Manchester Center, Vermont. She served as a director of Factory Point Bancorp, Inc. and Factory Point National Bank of Manchester Center from 1992 until their acquisition by Berkshire Hills in September 2007. Age 58. Director since 2007.

Cornelius D. Mahoney served as President, Chief Executive Officer and Chairman of the Board of Woronoco Bancorp and Woronoco Savings Bank before their merger with the Company and the Bank in June 2005. He is a former Chairman of America's Community Bankers and the Massachusetts Bankers Association and a former Director of the Federal Home Loan Bank of Boston. He was a member of the Thrift Institution Advisory Council to the Federal Reserve Board of Governors and is a past Chairman of the Board of Trustees at Westfield State College. Age 62. Director since 2005.

Catherine B. Miller was a Vice President and an owner of Wheeler & Taylor, Inc., an insurance agency with offices in Stockbridge, Great Barrington and Sheffield, Massachusetts. Ms. Miller previously held administrative and faculty appointments at the State University of New York in Albany and Simon's Rock College of Bard in Great Barrington, Massachusetts. Age 66. Director since 1983.

Directors with Terms Ending in 2009

Wallace W. Altes was the Executive-in-Residence at the Graduate College of Union University in Schenectady, New York until his retirement in 2007. Mr. Altes is currently a self-employed executive consultant providing consulting services to companies in the Albany Tech Valley Region. From 2002 to 2004, he was executive counsel to Sawchuk, Brown Associates, an Albany-based public relations firm and from 1989 to 2002, he was the President of the Albany-Colonie Chamber of Commerce. Age 66. Director since 2006.

Lawrence A. Bossidy held the positions of Chairman and Chief Executive Officer of Honeywell International, Inc. and before that was Chairman and Chief Executive Officer of AlliedSignal. Before that, he held the positions of Chief Operating Officer of General Electric Credit, President of General Electric's Services and Materials Sector and Vice Chairman of General Electric. Mr. Bossidy has served as a member of the Board of Directors of Merck & Co., Inc., JPMorgan Chase, and K&F Industries Holdings. Age 72. Director since 2002.

D. Jeffrey Templeton is the owner and President of The Mosher Company, Inc., located in Chicopee, Massachusetts, a manufacturer of buffing and polishing compounds, abrasive slurries and a distributor of related grinding, polishing and lapping machinery. Mr. Templeton is a former director of Woronoco Bancorp. Age 66. Director since 2005.

Corydon L. Thurston has served as an acquisition specialist for Redstone Properties, Inc., a land development company located in Williamstown, Massachusetts, since April 2005. He has also served as the President of North Adams Tower Company, Inc., which owns and manages telecommunication towers, since May 2004. Before these positions, he served as the President of Berkshire Broadcasting Company, Inc. until it sold the three radio stations it owned and operated in North Adams and Great Barrington, Massachusetts. Age 55. Director since 1988.

Directors with Terms Ending in 2010

John B. Davies was appointed Executive Vice President of Massachusetts Mutual Life Insurance Company in 1994 and is currently an Agent Emeritus providing high net worth counseling with a focus on tax efficiency and intergenerational transfers of wealth. Mr. Davies is a former director of Woronoco Bancorp. Age 58. Director since 2005.

Rodney C. Dimock is a Principal at Arrow Capital, LLC, a private investing property development and consulting services company, located in West Granby, Connecticut. He was formerly President, Chief Operating Officer and a director of Cornerstone Properties, a \$4.8 billion office building real estate investment trust and before that he was President of Aetna Realty Investors, Inc., one of the country's largest real estate investment management advisors. Age 61. Director since 2006.

Edward G. McCormick is the managing partner of the law firm of McCormick, Murtagh & Marcus, located in Great Barrington, Massachusetts. Age 60. Director since 1994.

David E. Phelps is the President and Chief Executive Officer of Berkshire Health Systems, whose major affiliates are Berkshire Medical Center, Fairview Hospital and Berkshire Health Care Systems, an operator of nursing and rehabilitative care facilities throughout Berkshire County and other areas of Massachusetts, Ohio and Pennsylvania. Age 55. Director since 2006.

Item 2 — Approval of the Amended and Restated Berkshire Hills Bancorp, Inc. 2003 Equity Compensation Plan

Our 2003 Equity Compensation Plan was initially adopted by the Board and approved by our stockholders in May 2003. At the annual meeting, we will ask stockholders to approve the Amended and Restated Berkshire Hills Bancorp, Inc. 2003 Equity Compensation Plan, which includes amendments to: (1) increase by 200,000 the number of shares of Berkshire Hills Bancorp common stock that the Company may issue under the plan; and (2) satisfy Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") with respect to awards granted under the plan. The Board of Directors also adopted a resolution that, if the amended and restated 2003 Equity Compensation Plan is approved by stockholders, the 2001 Stock-Based Incentive Plan will be terminated. As of February 29, 2008, we had the ability to grant approximately 82,000 additional awards under the 2001 Stock-Based Incentive Plan and approximately 50,000 additional awards under the 2003 Equity Compensation Plan, net of shares reserved pursuant to performance-based awards. Accordingly, if the amended and restated 2003 Equity Compensation Plan is approved, Berkshire Hills Bancorp will have an aggregate of approximately 250,000 shares available for the grant of stock options and stock awards, which would represent an increase of approximately 118,000 shares as of February 29, 2008. As of that same date, a total of approximately 622,000 options were outstanding (with a weighted average exercise price of \$22.14 and a weighted average remaining term of 4.9 years) and a total of approximately 144,000 shares of restricted stock were outstanding.

The first purpose of the amended and restated 2003 Equity Compensation Plan is to secure adequate shares to implement our current equity grant strategy for the foreseeable future. The Board believes that the number of shares proposed represents a reasonable amount of potential equity dilution

and expense recognition while still allowing the Company to continue awarding equity incentives, which is an important part of our overall compensation program. We believe that incentives and stock-based awards focus employees on the dual objectives of creating shareholder value and promoting the Company's success, and that equity compensation plans help to attract, retain and motivate valued employees and directors. The Board believes that an adequate number of shares under the amended and restated 2003 Equity Compensation Plan will promote the interests of Berkshire Hills Bancorp and its stockholders, allow it to compete effectively with other financial institutions and enable the Company to provide incentives that require achievement of earnings per share goals before such awards can be earned. For more information on this amendment, see Section 4 of the amended and restated 2003 Equity Compensation Plan, a copy of which is attached as Appendix A.

The second purpose of the amended and restated 2003 Equity Compensation Plan is to allow the Company to grant awards that comply with Section 162(m) of the Code. Section 162(m) of the Code denies a tax deduction to public companies for compensation paid to certain "covered employees" in a taxable year in excess of \$1,000,000, unless the plan contains certain features that qualify the compensation as "performance-based compensation." One of the required features to allow stock options granted at fair market value to be treated as "performance-based compensation" is for the plan under which the options are granted to be approved by the stockholders. In addition, the plan must state the maximum number of options that any individual may be granted over a specified period of time. For grants of restricted stock shares to meet the requirements of Section 162(m) of the Code, stockholders must approve the material provision of the plan regarding performance goals under which the awards will vest. Therefore, for any new options granted under the amended and restated 2003 Equity Compensation Plan to be eligible to qualify for full tax deductibility to the Company under Section 162(m), our stockholders must approve the amended and restated 2003 Equity Compensation Plan.

The Board believes it would be in the best interests of the stockholders and the Company to approve the amended and restated 2003 Equity Compensation Plan to ensure compliance with Section 162(m) of the Code and the tax deductibility of all options granted under the amended and restated 2003 Equity Compensation Plan. If the stockholders of the Company fail to approve the amended and restated 2003 Equity Compensation Plan, we will continue to operate under the plan in its current form, which would remain in effect under those circumstances, and our Compensation Committee will evaluate how best to proceed. The Compensation Committee's determination may limit our ability to provide incentives to valued executives or may prevent the Company from taking a tax deduction under Section 162(m) of the Code for certain option grants made to executives if the amended and restated 2003 Equity Compensation Plan is not approved. If stockholders approve the amended and restated 2003 Equity Compensation Plan, we still may continue to make some awards that do not meet the requirements of Section 162(m) of the Code. For more information on these amendments, see Sections 5(g) and 6(h) of the amended and restated 2003 Equity Compensation Plan, a copy of which is attached as Appendix A.

We currently maintain: (1) the Berkshire Hills Bancorp, Inc. 2001 Stock-Based Incentive Plan; (2) the Berkshire Hills Bancorp, Inc. 2003 Equity Compensation Plan; (3) the Woronoco Bancorp, Inc. 1999 Stock-Based Incentive Plan; (4) the Woronoco Bancorp, Inc. 2001 Stock Option Plan; (5) the Factory Point Bancorp, Inc. 1999 Non-Employee Directors Stock Option Plan, as amended and restated; (6) the Factory Point Bancorp, Inc. 1999 Stock Incentive Plan; and (7) the Factory Point Bancorp, Inc. 2004 Stock Incentive Plan, as amended and restated. However, as of February 29, 2008, we had the ability to grant approximately 82,000 additional awards under the 2001 Stock-Based Incentive Plan and approximately 50,000 additional awards under the 2003 Equity Compensation Plan, net of shares reserved pursuant to performance-based awards. The Board approved the amended and restated 2003 Equity Compensation Plan based, in part, on its belief that the aggregate number of shares currently available for new award grants under our existing plans is insufficient to adequately provide for future incentives. The Board of Directors has adopted a resolution that, if the proposed amended and restated 2003 Equity

Compensation Plan is adopted, the 2001 Stock-Based Incentive Plan will be terminated. **Thus, our ability to grant additional awards under our plans, other than the 2003 Equity Compensation Plan, will terminate if stockholders approve the amended and restated 2003 Equity Compensation Plan.** However, outstanding awards under our existing plans, including the 2001 Stock-Based Incentive Plan, will continue in effect in accordance with their terms. If the amended and restated 2003 Equity Compensation Plan is approved, Berkshire Hills Bancorp will have an aggregate of approximately 250,000 shares available for the grant of stock options and stock awards, which would represent an increase of approximately 118,000 shares as of February 29, 2008.

The Board of Directors recommends a vote “FOR” the approval of the amended and restated Berkshire Hills Bancorp, Inc. 2003 Equity Compensation Plan.

Summary Description of the 2003 Equity Compensation Plan

The following is a summary of the material terms of the amended and restated 2003 Equity Compensation Plan, a copy of which is attached hereto as Appendix A.

Type of Awards and Participants. The amended and restated 2003 Equity Compensation Plan provides for the grant of non-statutory stock options and restricted stock awards to employees and non-employee directors of the Company and its affiliates and for the grant of incentive stock options to employees.

Available Shares of Common Stock. The shares authorized for issuance under the amended and restated 2003 Equity Compensation Plan may come from either authorized but unissued shares or shares held in treasury.

Amendment of the Plan. The Board of Directors has the authority to amend or terminate the amended and restated 2003 Equity Compensation Plan, provided such action does not adversely affect any option previously granted under the amended and restated 2003 Equity Compensation Plan or otherwise required by law, regulation or applicable stock exchange requirements.

Administration of Plan and Grants of Stock Awards. The amended and restated 2003 Equity Compensation Plan is administered by the Compensation Committee of the Board of Directors of the Company. The committee has the power to decide: (1) who will be granted restricted stock options or stock awards; (2) the number of shares underlying each stock option and the number of shares of restricted stock; (3) the date or dates when each award will vest in whole or in part and the terms and conditions of vesting; and (4) any other terms and conditions, so long as those other terms and conditions are not inconsistent with the amended and restated 2003 Equity Compensation Plan. The committee's determinations and interpretations of the amended and restated 2003 Equity Compensation Plan and the stock options and restricted stock awards granted under the amended and restated 2003 Equity Compensation Plan are final and binding upon all Equity Compensation Plan participants.

Stock Options. All stock options granted under the amended and restated 2003 Equity Compensation Plan will be granted with an exercise price at least equal to 100% of the fair market value of the Company's common stock on the date of grant. No stock option will have a term of longer than ten years from the date of grant. The amended and restated 2003 Equity Compensation Plan does not permit the repricing of previously granted stock options or the cancellation and regrant of stock options without stockholder approval.

For further discussion of the administration of the plan and our stock award granting philosophy and practice, see “*Compensation Discussion and Analysis*.”

Restricted Stock Awards. Recipients of restricted stock awards are entitled to receive cash and stock dividends or other distributions (if any) on shares of Company common stock subject to their restricted stock. In addition, restricted stock award recipients may direct the voting of shares of restricted stock awarded to them.

Effect of Termination of Employment or Service. Unless otherwise determined by the committee, upon termination of an option holder's services for any reason other than death, disability, retirement or termination for cause, all then exercisable options will remain exercisable for three months following termination and all unexercisable options will be canceled. Unless otherwise determined by the committee, if an option holder dies or becomes disabled, all unexercisable options held by the option holder will become fully exercisable and all exercisable options will remain exercisable for one year following the date of the employee's termination of employment. Unless otherwise determined by the committee, if a participant retires, the participant may exercise only those stock options that were immediately exercisable by the participant at the date of retirement and only for a period of one year from the date of retirement or, if sooner, until the expiration of the term of the stock option. In the event of termination for cause, all exercisable and unexercisable options held by the option holder will be canceled.

Unless the committee determines otherwise, upon the termination of a participant's employment or service for cause or for any reason other than retirement or disability or death, all unvested shares of restricted stock held by the participant will be forfeited. Unless the committee determines otherwise, if a participant retires, all unvested shares of restricted stock held by the participant will be forfeited as of his or her retirement date. Unless otherwise determined by the committee, if a participant dies or becomes disabled, all unvested shares of restricted stock held by such participant will immediately vest.

If any stock options or stock awards are forfeited or cancelled for any reason, those shares will again be available for issuance.

Effect of a Change in Control. The amended and restated 2003 Equity Compensation Plan provides that if a change in control (as defined in the amended and restated 2003 Equity Compensation Plan) occurs, regardless of a participant's termination of employment or service, all outstanding options will become and remain immediately exercisable for the full term of the options and all shares of restricted stock will become fully vested.

Transferability. The amended and restated 2003 Equity Compensation Plan generally does not allow for the transfer of options, except if specified in a written will of an optionee or by the laws of descent and distribution. However, under limited circumstances, non-statutory stock options may be transferred for valid estate planning purposes if approved by the committee. Restricted stock awards are transferable only by will or the laws of descent and distribution.

Certain Federal Income Tax Consequences. The following brief description of the tax consequences of stock option and restricted stock awards granted under the amended and restated 2003 Equity Compensation Plan is based on federal income tax laws currently in effect and does not purport to be a complete description of such federal income tax consequences.

The grant of a non-statutory stock option is not a taxable event. However, upon the exercise of a non-statutory stock option, an optionee will recognize ordinary income equal to the difference between the option exercise price and the fair market value of the Company common stock on the date of exercise, multiplied by the number of shares purchased upon exercise of the option. The Company will receive a tax deduction equal to the ordinary income recognized by the optionee. Employees exercising non-

statutory stock options are subject to federal, state and local (if any) tax withholding on the option income. Outside directors are not subject to tax withholding.

The grant of an incentive stock option is not a taxable event, nor is the exercise of an incentive stock option, if an optionee does not dispose of the common stock acquired upon exercise for a period of two years from the date of grant and one year following the date of exercise. If the optionee disposes of the shares before the expiration of the required holding periods, the optionee will have a disqualifying disposition and will recognize ordinary income equal to the difference between the option exercise price and the fair market value of the Company common stock on the date of exercise, multiplied by the number of shares purchased upon exercise of the option. In such a case, the Company will receive a tax deduction equal to the ordinary income recognized by the optionee. Currently the Internal Revenue Service does not require tax withholding on disqualifying dispositions.

When shares of restricted stock vest, the recipient will recognize ordinary income and the Company will be entitled to a corresponding deduction equal to the fair market value of the stock at such time, unless he or she makes an election under Section 83(b) of the Internal Revenue Code. A restricted stock award recipient who makes an election under Section 83(b) of the Internal Revenue Code will recognize ordinary income at the time of the award and the Company will be entitled to a corresponding deduction equal to the fair market value of the stock at such time. If the recipient makes a Section 83(b) election, there are no federal income tax consequences either to the recipient or the Company at the time of vesting.

Specific Benefits Under the Amended and Restated 2003 Equity Compensation Plan

Berkshire Hills Bancorp has not approved any awards under the amended and restated 2003 Equity Compensation Plan that are conditioned upon stockholder approval of the amended and restated 2003 Equity Compensation Plan and is not currently considering any specific award grants under the amended and restated 2003 Equity Compensation Plan.

Item 3 — Ratification of the Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has appointed Wolf & Company, P.C. to be the Company's independent registered public accounting firm for the 2008 fiscal year, subject to ratification by stockholders. A representative of Wolf & Company, P.C. is expected to be present at the annual meeting to respond to appropriate questions from stockholders and will have the opportunity to make a statement should he or she desire to do so.

If the ratification of the appointment of the firm is not approved by a majority of the votes cast by stockholders at the annual meeting, other independent registered public accounting firms may be considered by the Audit Committee of the Board of Directors.

The Board of Directors recommends that stockholders vote “FOR” the ratification of the appointment of Wolf & Company, P.C. as the Company’s independent registered public accounting firm for the 2008 fiscal year.

Audit Fees. The following table sets forth the fees billed to the Company for the fiscal years ended December 31, 2007 and 2006 by Wolf & Company, P.C.:

	<u>2007</u>	<u>2006</u>
Audit Fees ⁽¹⁾	\$311,350	\$420,750
Audit-Related Fees ⁽²⁾	47,600	36,390
Tax Fees ⁽³⁾	68,750	92,215
All Other Fees	—	—

- (1) Includes fees for the financial statement and internal control over financial reporting audits and quarterly reviews. For 2006, includes fees related to the Company's proposed stock offering.
- (2) Consists of benefit plan audits, audit-related fees associated with the Factory Point Bancorp, Inc. merger and an audit of the Berkshire Bank and Woronoco Savings Bank employee stock ownership plans.
- (3) Consists of tax filings and tax-related compliance and other advisory services. For 2006, this amount also included \$18,465 in tax fees resulting from the Woronoco merger.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In accordance with its charter, the Audit Committee approves, in advance, all audit and permissible non-audit services to be performed by the independent registered public accounting firm. Such approval process ensures that the external auditor does not provide any non-audit services to the Company that are prohibited by law or regulation.

In addition, the Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. Requests for services by the independent registered public accounting firm must be specific as to the particular services to be provided for compliance with the auditor services policy.

The request may be made with respect to either specific services or a type of service for predictable or recurring services.

During the year ended December 31, 2007, all services were approved, in advance, by the Audit Committee in compliance with these procedures.

Compensation Discussion and Analysis

Compensation Philosophy & Objectives

Overall Philosophy and Guiding Principles

The Compensation Committee believes that the compensation provided to its executives should be appropriately competitive and aligned with the performance of the Company. Our executive compensation program is designed to attract, motivate, retain and reward the highly-qualified individuals required to drive the Company's aggressive growth goals and deliver value to its stockholders.

The overall principle guiding executive compensation at the Company is to provide executives with competitive, performance-based total compensation, targeted at the Company market median, for delivering financial and stockholder performance commensurate with peers. Total compensation is designed to vary based on the Company's performance relative to its strategic goals and as compared to industry peers. As a result, each executive's compensation is based on Company and individual performance.

The Compensation Committee believes a significant portion of total compensation should be at risk and based on performance to motivate and reward executives for achieving the Company's strategic goals. To accomplish this, the Company's executive compensation philosophy is to keep base salaries at conservatively competitive levels with a focus on annual and long-term incentives. The focus of the incentive compensation (annual cash plan and equity compensation) is to: (1) reward the achievement of strategic and financial goals; (2) ensure executives focus on both short and long-term performance; (3) provide balance between Company and individual performance; and (4) ensure executives have a meaningful portion of equity compensation in order to create alignment with stockholder interests. The Company also maintains a modest benefits and perquisites program.

Compensation Decision Process

The Committee's decisions related to executive compensation include consideration of the following factors:

- The Company's compensation philosophy.
- The Company's financial performance in terms of the attainment of both annual and long-term goals and objectives.
- The competitiveness of executive compensation relative to Berkshire Bank's defined peers and competitive labor market.
- A review of executive's total compensation and pay mix.
- Individual performance, experience and contributions.
- Retention considerations.

Role of the Compensation Committee, Management and the Compensation Consultant in the Executive Compensation Process

Role of the Compensation Committee

The Compensation Committee of the Board of Directors is responsible for discharging the Board's responsibilities in executive compensation matters and for administering the Company's incentive compensation and equity-based plans. Four members of our Board of Directors sit on the Committee, each of whom is an independent director under The NASDAQ Stock Market listing requirements. They are Catherine Miller, Chair; Lawrence Bossidy, Edward McCormick and John Davies. To fulfill its responsibilities, the Committee meets throughout the year (six times in 2007) and also takes action by written consent. The Chair of the Committee reports on Committee actions at meetings of the Company's Board.

The Committee reviews all compensation components for the Company's Chief Executive Officer and other executive officers, including base salary, annual incentive, long-term incentives/equity, benefits and other perquisites. In addition to reviewing competitive market values, the Committee also examines the total compensation mix, pay-for-performance relationship, and how all elements, in aggregate, comprise the executive's total compensation package.

The Committee reviews Chief Executive Officer performance and makes decisions regarding the Chief Executive Officer's compensation. Input and data from the Senior Vice President of Human Resources and outside consultants and advisors are provided as a matter of practice and as requested. The Chief Executive Officer makes recommendations on other executives to the Compensation Committee. The Compensation Committee reviews his recommendations with the full Board of Directors.

The Committee has the authority and resources to obtain advice and assistance from internal or external legal, human resource, accounting or other advisors or consultants as it deems desirable or appropriate. Details on the Committee's functions are more fully described in its charter, which has been approved by the Board of Directors.

Role of the Compensation Consultant & Management

The Committee has direct access to outside advisors and consultants throughout the year as they relate to executive compensation. In 2007, the Committee relied on the services of compensation consulting firm Pearl Meyer & Partners and law firm Muldoon Murphy & Aguggia LLP. The Committee had direct access to these advisors for issues related to executive compensation and benefits.

The Committee utilizes the services of Pearl Meyer & Partners to conduct periodic compensation studies as well as ongoing updates on market and best practices. This information is requested and utilized as needed to support the Committee's decisions and review processes.

The Compensation Committee periodically requests that consultants and advisors present findings or provide education on best practices and trends in the banking industry related to executive compensation.

The Compensation Committee occasionally requests one or more members of executive or senior management to be present at committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives may provide insight, suggestions or recommendations regarding executive compensation. However, only Compensation Committee members vote on decisions regarding executive compensation.

The Compensation Committee meets with the Chief Executive Officer to discuss his performance and compensation package, but ultimately decisions regarding his package are made solely based upon the Compensation Committee's deliberations, as well as input from the compensation consultant, as requested. The Compensation Committee considers recommendations from the Chief Executive Officer, as well as input from the compensation consultant as requested, to make decisions regarding other executives.

Compensation Structure/Elements

The Company's compensation program consists of four main components: Base Salary, Annual Incentives, Long-Term Incentive/Equity Compensation and Benefits and Perquisites. The following section summarizes the role of each component, how decisions are made and the resulting 2007 decision process as it relates to the named executive officers.

Base Salary

Purpose, Philosophy and Process

The Company believes the purpose of base salary is to provide competitive and fair base compensation that recognizes the executives' role, responsibilities, experience and performance. Base salary represents fixed compensation that is targeted to be competitive with the practices of comparable financial institutions in the region. Each year our consultant, Pearl Meyer & Partners, provides pay range guidelines based on a composite of market data from a custom proxy peer group as well as other data sources of banking compensation information (see "*Competitive Benchmarking*" for details). Our competitive range reflects +/- 15% of the market median. The Committee uses this range in making ongoing base salary decisions for each executive.

In January of each year, the Committee reviews and sets each executive's base pay to reflect competitive market conditions, individual experience, expertise, performance and contributions. Input from the Chief Executive Officer is considered in setting the executive salaries while the Committee is solely responsible for determining the Chief Executive Officer salary.

2007 Decisions

In 2007, the Compensation Committee reviewed executive salaries and considered salary increases on a case-by-case basis. Each executive's salary was reviewed in consideration of the market range for the position and the relative salaries of the executive team. Salaries reflect a combination of market and internal relationships. For 2007, base salaries for named executive officers were:

- Chief Executive Officer Michael Daly - \$400,000, which represented no change from 2006
- CFO Kevin Riley - \$250,000, hired in August 2007
- Interim CFO John Millet - \$150,000
- EVP, Commercial Lending Michael Oleksak – increased from \$200,000 to \$225,000
- President, Berkshire Insurance Group, Ross Gorman - \$250,000, which represented no change from 2006
- EVP, Retail Banking John Howard - \$250,000 (resigned effective January 1, 2008)

Annual Incentives

Purpose, Philosophy and Process

The purpose of annual incentives is to motivate and reward the achievement of specific Company, department and individual goals that support the Company's strategic plan. Annual incentives are not fixed compensation, must be re-earned and are at risk based on actual performance. Incentives focus on short-term financial, strategic and individual performance.

Incentive goals are designed to support the Company's strategic plan. Company goals are defined each year and approved by the full Board. At the beginning of each year, the Chief Executive Officer drafts incentive goals and reviews them with the Compensation Committee. The Compensation Committee discusses the proposed Company goals with the Chief Executive Officer, incorporates appropriate modifications and reviews them with the full Board.

In keeping with the Company's compensation philosophy, incentive award targets and ranges are reviewed and established based on the market practice of similarly sized financial institutions to provide competitive incentives for achieving performance goals. Target incentives were developed by Pearl Meyer & Partners during the 2006 review and remained the same for 2007. The target incentives are 40% of base salary for the Chief Executive Officer and 30% - 35% for other executives. Actual payouts, however, will vary based on a combination of Company and individual performance.

At the end of each year, the incentive plan pool is funded based on the Company having achieved a pre-determined core earnings per share goal. If the earnings per share goal is achieved, the incentive plan funds at 100% of target. If earnings per share performance is less than goal, but above a pre-defined "threshold," the plan funding is reduced and if earnings per share performance is above the target goal, the incentive plan funding is increased. Incentive payouts are then allocated based on each executive's individual performance. Individual performance measures vary by executive to reflect his or her role and contributions toward overall Company goals. This design is intended to provide a balance of "team" through the overall plan funding, but allows actual allocation of the awards to vary based on individual contributions toward the Company's success.

At the close of the year, once earnings per share performance is known, the plan funding is determined. The Chief Executive Officer provides the Compensation Committee with incentive recommendations for executive officers based on their individual performance relative to specific goals set for them at the start of the year. The Committee determines the Chief Executive Officer award and approves the executive officer awards. The Compensation Committee retains the discretion to modify all forms of incentive payouts based on significant individual or Company performance shortfalls. Likewise, the Committee retains the discretion to increase payouts and/or consider special awards for significant achievements, including but not limited to superior asset management, investment or strategic accomplishment and/or consummation of beneficial acquisitions.

2007 Decisions

For 2007, the Company's target core earnings per share goal was \$2.15. Although the actual performance for 2007 fell below the targeted earnings per share goal, the Compensation Committee believed that despite a difficult banking environment, the Company's considerable accomplishments in 2007 warranted that an incentive pool of \$1.2 million should be funded. Major accomplishments for the organization in 2007 included: the establishment of a new executive team; the successful acquisition and integration of Factory Point National Bank; the integration of the five insurance agencies purchased at the end of 2006; and the overall improved financial performance metrics recorded in the fourth quarter, which

is perceived as indicative of the pro forma earnings strength of the institution. The incentive pool was then allocated to executives based on the Chief Executive Officer's assessment of their performance relative to goals set at the start of the year.

The following incentive awards were approved by the Committee for named executive officers:

- Chief Executive Officer Michael Daly - \$160,000 in recognition of assembling and leading a new executive team; the acquisition of Factory Point National Bank, as well as transitioning to a higher performing organization overall.
- CFO Kevin Riley - \$60,000 for his role in improving the overall performance of the Company. This award was slightly less than target due to joining the Company mid-year.
- Interim CFO John Millet - \$40,000 for his role in keeping the finances of the Company in order while the new CFO was hired.
- EVP, Commercial Lending Michael Oleksak – \$70,000 for maintaining growth and asset quality of the commercial loan portfolio during a difficult environment.
- President, Berkshire Insurance Group, Ross Gorman - \$125,000, which was contractual with the insurance acquisition.
- EVP, Retail Banking John Howard did not receive an incentive as he was not an employee at the time of the award payment.

Long-Term Incentive/Equity Compensation

Purpose, Philosophy and Process

The Company's equity compensation plan is designed to provide incentives that reward and align executives with long-term interests of the Company and stockholders. Restricted stock and stock options reward for stock price appreciation, ensure an "ownership" perspective and encourage retention by vesting over several years. Executives are considered for annual equity awards in the form of stock options and/or restricted stock as part of the Company's 2001 Stock-Based Incentive Plan and 2003 Equity Compensation Plan. Equity awards are developed based on consideration of competitive market practice, Company performance, and individual performance. The Compensation Committee is authorized, at its discretion, to grant stock options and shares of restricted stock in proportion and upon such terms and conditions as the Committee may determine.

2007 Decisions

In January 2007, the Company approved equity awards in the form of restricted stock for key executives. The shares vest over three years and were made in recognition of the Company's performance the previous year, consideration of competitive market data and for purposes of executive retention. The rationale for providing restricted stock was to provide balance in the total compensation package for executives. The 2007 grants are summarized in the "*Grants of Plan Based Awards Table*" on page 30.

During 2007, the Compensation Committee spent considerable time reviewing its current equity grant strategy and redefining it for 2008. For awards granted in 2008, the Committee approved shifting to a combination of time and performance vesting. Rather than "looking back" on performance, the new grants will "look forward" and vest (i.e. be earned) based on the Company's achievement of its earnings per share goal. As a result, the Committee believes the equity compensation program has a stronger performance orientation and maintains the retention aspect. These grants were not awarded until 2008 and will be presented as part of our 2008 proxy.

Benefits and Perquisites

Purpose, Philosophy and Process

The Company provides select executives with perquisites and other executive benefits that the Compensation Committee believes are reasonable and consistent with its overall compensation philosophy. The Compensation Committee reviews the benefits on a regular basis to determine the competitiveness and appropriateness of providing executive benefits.

The Company continues to maintain a supplemental retirement arrangement with Mr. Daly that provides a benefit designed to restore benefits capped by IRS limits on qualified plans. All named executive officers are eligible for modest perquisites such as automobile allowance, financial planning and country club dues.

Competitive Benchmarking

The Compensation Committee assesses “competitive market” compensation using a number of data sources reflecting industry practices of other banks similar in size and region to the Company’s.

A primary data source used in setting competitive market for the named executive officers is the information publicly disclosed by a peer group of other publicly traded banks. This peer group is recommended by Pearl Meyer & Partners and approved by the Chief Executive Officer and Compensation Committee to reflect banks of similar asset size and region (two factors that influence executive compensation in banks). The peer group is reviewed and updated each year as appropriate since the comparable banks may change depending on acquisitions and business focus of the Bank or our peer institutions. Given the Company’s rapid growth and the high rate of mergers in the banking industry, the peer group has traditionally been reviewed and updated slightly from year-to-year. Overall, the goal is to have 20-24 comparative banks that provide a market perspective for executive total compensation.

The following is the peer group used in the 2007 review, conducted by Pearl Meyer & Partners:

NBT Bancorp Inc.	Washington Trust Bancorp, Inc.
Partners Trust Financial Group, Inc.	Brookline Bancorp, Inc.
S&T Bancorp, Inc.	DimeCommunity Bancshares, Inc.
Sun Bancorp, Inc.	Tompkins Trustco, Inc.
Sterling Financial Corporation	OceanFirst Financial Corp.
Harleysville National Corporation	Kearny Financial Corp (MHC)
TrustCo Bank Corp, NY	Univest Corporation of Pennsylvania
KNBT Bancorp, Inc.	Pennsylvania Commerce Bancorp, Inc.
Provident New York Bancorp	Parkvale Financial Corporation
Independent Bank Corp.	Omega Financial Corporation

In addition to the peer group data, the Company used several other sources of data for cash compensation (base salary and incentive). Pearl Meyer & Partners provides comparative data from several Northeast banking association surveys as well as published industry surveys and a proprietary database of national banking compensation data. Data reflects banks representing similar asset size and region to the Company.

In addition to ongoing reviews and analyses, the Company undertakes a comprehensive total compensation review every few years. Pearl Meyer & Partners conducted a comprehensive review for

the Company in 2007. This review is conducted upon the request of the Compensation Committee to the consultant and provides an objective analysis of all elements of compensation (individually and in aggregate) relative to the peer group. Pay mix and an assessment of the pay for performance relationship are reviewed.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee and management consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans.

The Compensation Committee has considered the impact of the Statement of Financial Accounting Standards No. 123(R), as issued by the FASB in 2004, on the Company's use of equity incentives as a key retention tool.

Section 162(m) of the Internal Revenue Code limits deduction of compensation paid to named executive officers to \$1,000,000 unless the compensation is "performance-based." In the Company's case, base salary and time vested restricted stock are not considered performance-based vehicles and would not be a deductible compensation expense. Based on the current salaries and awards, the Company does not feel 162(m) will be triggered for our Chief Executive Officer or executive officers.

Option Granting Practices

The Compensation Committee considers whether to make stock option grants during December of each year. However, grants may be made at other times during the year based on specific circumstances such as a new hire, a specific contractual commitment or a change in position or responsibility. Under our current plans, which were approved by stockholders in 2001 and 2003, the exercise price of an option is the closing market price on the grant date. The grant date for grants determined by the Compensation Committee at its meeting in December is January 30. For other grants made during the year, the grant date is the first business day after the close of each quarter. The decision of the Compensation Committee to have the grants be effective on a uniform date in the future is designed to: (1) provide for administrative convenience for the Company to track the vesting and exercisability of its stock awards; and (2) prevent any appearance that the Committee is acting on a particular date to provide for a lower exercise price for stock options based on changes in the Company's market price.

As a general matter, the Compensation Committee's process is independent of any consideration of the timing of the release of material nonpublic information, including with respect to the determination of grant dates or the stock option exercise prices. The Compensation Committee's decisions are reviewed and ratified by the full Board of Directors. Similarly, the Company has never timed the release of material nonpublic information with the purpose or intent to affect the value of executive compensation.

Executive Compensation

Summary Compensation Table

The following table provides information concerning total compensation earned or paid to the chief executive officer, all individuals who served as chief financial officer during 2007 and the three other most highly compensated executive officers of the Company who served in such capacities at December 31, 2007. These six officers are referred to as the named executive officers in this proxy statement.

- (1) Mr. Riley was appointed as the Executive Vice President, Chief Financial Officer, Treasurer and Secretary of the Company and Bank on August 1, 2007.
- (2) Mr. Millet served as Senior Vice President and Interim Chief Financial Officer until August 1, 2007.
- (3) Mr. Howard served as Executive Vice President, Retail Banking of Berkshire Bank from October 2, 2006 until January 1, 2008. In January 2008, Guy H. Boyer, the former President and Chief Executive Officer of Factory Point Bancorp, Inc. and Factory Point National Bank of Manchester Center, which were acquired by the Company in September 2007, assumed that position.
- (4) Mr. Oleksak joined the Company on February 13, 2006.
- (5) Mr. Gorman joined the Company on October 31, 2006.
- (6) Includes signing bonus of \$50,000.
- (7) Reflects the compensation expense recognized for financial statement reporting purposes in accordance with FAS 123(R) on outstanding restricted stock for each of the named executive officers. The amounts were calculated based on the Company's stock price on the date of grant as summarized below:

<i>Grant Date</i>	<i>Stock Price</i>
January 30, 2006	\$33.78
February 24, 2006	33.19
October 2, 2006	35.93
January 30, 2007	33.70
October 1, 2007	30.90

(footnotes continued on following page)

When shares become vested and are distributed from the trust in which they are held, the recipient will also receive an amount equal to accumulated cash and stock dividends (if any) paid with respect thereto, plus earnings thereon.

- (8) Reflects the compensation expense recognized for financial statement reporting purposes in accordance with FAS 123(R) for outstanding stock options for each of the named executive officers. The Company uses the Black-Scholes option pricing model to estimate its compensation cost for stock options. The assumptions used to estimate the value of the options included in this column are summarized below:

<i>Grant Date</i>	<i>Risk-Free Interest Rate</i>	<i>Expected Life</i>	<i>Expected Volatility</i>	<i>Dividend Yield</i>	<i>Fair Value</i>
January 30, 2003	3.85%	10 years	20.34%	1.85%	\$6.15
January 1, 2007	4.68%	6 years	19.00%	1.85%	\$7.67

The actual value, if any, realized by an executive officer from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by an executive officer will be at or near the value estimated above.

- (9) This amount consists of \$177,411 attributable to the aggregate change in the actuarial present value of Mr. Daly's accumulated benefit during 2007 and \$11,861 attributable to non-qualified deferred compensation earnings.
- (10) Details of the amounts reported in the "All Other Compensation" column for 2007 are provided in the table below. For Mr. Riley, consists of \$78,668 for consulting services provided to the Company in 2007 before his appointment as Executive Vice President, Chief Financial Officer, Treasurer and Secretary.

	<i>Mr. Daly</i>	<i>Mr. Riley</i>	<i>Mr. Millet</i>	<i>Mr. Howard</i>	<i>Mr. Oleksak</i>	<i>Mr. Gorman</i>

Employment Agreements

Berkshire Bank and Berkshire Hills each maintain an employment agreement with Mr. Daly, which provide for a two-year term that extends daily unless the Board of Directors or Mr. Daly gives the other party written notice of non-renewal. The employment agreements provide for a base salary which is reviewed at least annually. Mr. Daly's current salary is \$450,000. In addition to the base salary, the employment agreements provide for, among other things, participation in stock and employee benefit plans and fringe benefits applicable to executive personnel. See "*Potential Post-Termination Benefits*" for a discussion of the benefits and payments Mr. Daly may receive upon his termination of employment.

Berkshire Insurance Group, Inc., a wholly-owned subsidiary of Berkshire Hills, maintains an employment agreement with Mr. Gorman. The employment agreement was entered into effective October 23, 2006 and had an initial term through December 31, 2009. At that time, the term of the agreement is automatically extended for one year, unless the agreement is terminated by the Berkshire Insurance Group or Mr. Gorman. The employment agreement provides for a base salary which is reviewed at least annually. Mr. Gorman's current salary is \$250,000. In addition to the base salary, the employment agreements provide for, among other things, annual incentive compensation, participation in stock and employee benefit plans and fringe benefits applicable to executive personnel. Except as provided in "*Potential Post-Termination Benefits*" below, Mr. Gorman is subject to a non-competition agreement during the term of his employment agreement and for three years thereafter. See "*Potential Post-Termination Benefits*" for a discussion of the benefits and payments Mr. Gorman may receive upon his termination of employment.

Change in Control Agreements

The Company and the Bank each maintain a change in control agreement with Messrs. Millet, Oleksak and Riley. Each of the change in control agreements for Mr. Millet has a term of one year and is renewable annually for an additional year at the sole discretion of the Boards of Directors of the Bank and the Company. Each of the change in control agreements for Messrs. Oleksak and Riley has a term of three years and is renewable annually for an additional year at the sole discretion of the Boards of Directors of the Bank and the Company. See "*Potential Post-Termination Benefits*" for a discussion of the benefits and payments Messrs. Millet, Oleksak and Riley may receive upon their termination of employment.

Pension Benefits

The following table provides information with respect to each plan that provides for payments or benefits in connection with the retirement of a named executive officer.

<u>Name</u>	<u>Plan Name</u>	<u>Present Value of Accumulated Benefit (\$)</u>
Michael P. Daly	Berkshire Bank Supplemental Executive Retirement Plan	\$755,929 ⁽¹⁾

- (1) The material assumptions used to calculate the accumulated benefit were: the 1994 Group Annuity Mortality Reserve Table for post-retirement mortality; no pre-retirement mortality; and a 6.0% discount rate pre- and post-retirement.

The Bank maintains a supplemental retirement arrangement with Mr. Daly to provide him with an annual retirement benefit following separation from service (other than for cause) on or after attaining age 62. The normal retirement benefit equals 46.6% of Mr. Daly's average total salary and bonus paid during any three consecutive completed calendar years preceding termination of employment that produce the highest annual benefit. If Mr. Daly separates from service on or after age 55 for reasons other than death, disability or following a change in control, he would receive an early retirement benefit based on the annual retirement benefit described above, reduced by 5% for each year by which his age at termination is less than age 62.

Nonqualified Deferred Compensation

The following table provides information with respect to each deferred compensation plan in which the named executive officers participated during fiscal year 2007.

<u>Name</u>	<u>Aggregate Earnings in Last Fiscal Year (\$)</u>	<u>Aggregate Balance at Last Fiscal Year End \$(2)</u>
Michael P. Daly	\$11,861 ⁽¹⁾	\$251,451

- (1) The amount disclosed in the earnings column represents interest earned and dividends paid. Such amount is reported as compensation for Mr. Daly for the fiscal year ended December 31, 2007 under the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column of the Summary Compensation Table.
- (2) Reflects the market value as of December 31, 2007 of 9,215 shares held in trust for benefit of Mr. Daly under the plan.
- (3) The market value of the shares allocated to Mr. Daly under the supplemental executive retirement plan were previously reported as compensation to Mr. Daly in the proxy statement in the year in which the allocation occurred.

The Bank maintained the Berkshire Bank Supplemental Executive Retirement Plan (the "SERP") to provide restorative payments to executives designated by the Board of Directors who were prevented from receiving the full matching contribution under the 401(k) Plan due to the legal limitations imposed on tax-qualified plans. The plan also provided for restorative benefits related to the Bank's employee stock ownership plan. However, in connection with the termination of the employee stock ownership plan, the SERP was terminated and shares held in trust were distributed to Mr. Daly on February 20, 2008, the only participant in the SERP.

Potential Post-Termination Benefits

Payments Made Upon Termination for Cause. If either Mr. Daly or Mr. Gorman is terminated for cause (as defined under each executive's agreement), he will receive his base salary and for Mr. Gorman, any additional compensation that shall have accrued, through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided.

Payments Made Upon Termination without Cause or for Good Reason. If the Company or the Bank chooses to terminate Mr. Daly's employment for reasons other than for cause (including his incapacity due to disability as discussed above), or if he resigns from the Company or the Bank under specified circumstances that would constitute constructive termination, Mr. Daly (or, upon his death, his beneficiary) would be entitled to receive an amount equal to the remaining base salary and incentive compensation payments, including amounts related to stock-based compensation, due for the remaining term of the employment agreement and the contributions that would have been made on his behalf to any employee benefit plans of the Company and the Bank during the remaining term of the employment agreement. The Company and the Bank would also continue and/or pay for life, medical, health, dental and disability coverage for Mr. Daly and his covered dependents until the earliest of his death, employment with another employer or the end of the remaining term of the employment agreements. Upon termination of Mr. Daly's employment under these circumstances, he must adhere to a one-year non-competition, as well as a non-disclosure restriction.

If Berkshire Insurance Group terminates Mr. Gorman's employment for reasons other than for cause or because of Mr. Gorman's death or disability, or if he resigns from Berkshire Insurance Group following a substantial breach of the employment agreement by Berkshire Insurance Group, Mr. Gorman would be entitled to receive: (1) his base salary and incentive compensation accrued through the date of termination; and (2) a severance payment equal to the sum of (a) his base salary for the greater of the number of months remaining under the current term of his employment agreement or 12 months (the "severance pay period") and (b) for each month of the severance pay period, an amount equal to one-twelfth of the executive's annual incentive compensation. During the severance pay period, the executive will continue to receive certain health and welfare benefits. Upon termination of Mr. Gorman's employment by Berkshire Insurance Group, he must adhere to a three-year non-competition restriction. However, no restrictions apply if Mr. Gorman terminates employment following a substantial breach of the employment agreement by Berkshire Insurance Group.

Payments Made Upon Disability. If Mr. Daly becomes disabled and begins to receive benefits under the long-term disability insurance policy maintained by the Bank, the Bank may reduce Mr. Daly's base salary by amounts he receives under the disability policy insurance. If Mr. Daly becomes incapacitated as a result of a disability and can no longer perform his duties, the Bank may terminate the agreement and pay him severance in the same manner as for involuntary termination, as discussed below. Upon such termination, Mr. Daly will receive continued medical and life insurance coverage for two years following his termination of employment.

If Mr. Gorman becomes permanently disabled (as defined in the agreement), he will receive his base salary and incentive compensation accrued through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided. If Mr. Gorman becomes temporarily disabled (as defined in the agreement), he will receive his base salary and incentive compensation accrued for six months. Such payments will be reduced by amounts Mr. Gorman received under disability insurance policy maintained by the Bank.

Under his supplemental retirement arrangement with Berkshire Bank, if Mr. Daly separates from service due to disability, he will receive the normal retirement benefit, regardless of his age at the time of separation from service. Mr. Daly has elected to receive his normal or early retirement benefit in the form of an actuarially equivalent lump sum payment. The agreement provides that benefit payments will commence not later than 60 days following Mr. Daly's separation from service.

Upon termination due to disability, outstanding stock options granted pursuant to our 2001 Stock-Based Incentive Plan and 2003 Equity Compensation Plan automatically vest and remain exercisable until the earlier of one year from the date of termination due to disability or the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest in full upon termination due to disability.

Payments Made Upon Death. Under his employment agreement, in the event of Mr. Daly's death, his estate is entitled to receive his base salary for an additional six months. Additionally, his dependents' medical coverage will be paid for six months.

If Mr. Gorman dies, under his employment agreement, he will receive his base salary and incentive compensation accrued through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided.

Under his supplemental retirement arrangement with Berkshire Bank, if Mr. Daly dies while employed by the Bank, his estate will receive the normal retirement benefit, regardless of his age at the time of death. Mr. Daly has elected to receive his normal or early retirement benefit in the form of an actuarially equivalent lump sum payment. The agreement provides that benefit payments will commence not later than 60 days following Mr. Daly's separation from service.

Upon termination due to death, outstanding stock options granted pursuant to our 2001 Stock-Based Incentive Plan and 2003 Equity Compensation Plan automatically vest and remain exercisable until the earlier of one year from the date of death or the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest in full upon death.

Payments Made Upon a Change in Control. Under Mr. Daly's employment agreements, if voluntary termination (upon circumstances discussed in the agreements) or involuntary termination follows a change in control of the Company or the Bank, Mr. Daly (or, upon his death, his beneficiary) would be entitled to a severance payment equal to the greater of: (1) the payments and benefits due for the remaining term of the agreement; or (2) three times the average of his annual compensation (as described in the agreements) for the five preceding taxable years. In addition, for a period of 36 months following a change in control, Mr. Daly (and his dependents (if any)) would be entitled to continued life, medical and disability coverage substantially identical to the coverage received before the change in control. Mr. Daly's change in control benefits also include the use of any club membership or automobile or other perquisite that was in place at the time of the change in control through the remaining term of the agreement and will be entitled to purchase the perquisite at the end of the term. Mr. Daly's employment agreement also provides that upon his termination of employment following a change in control, Mr. Daly will be entitled to the employer contributions he would have received under the employee stock ownership plan and 401(k) plan had he continued his employment for the remaining term of his agreement. Although the Company and the Bank employment agreements each provide for a severance payment if a change in control occurs, Mr. Daly would not receive duplicative payments or benefits under the agreements. Mr. Daly would also be entitled to receive a tax indemnification payment if payments under the employment agreements trigger liability under Section 280G of the Internal Revenue Code for the excise tax applicable to "excess parachute payments." Under applicable law, the excise tax is triggered by change in control-related payments that equal or exceed a "base" amount that is three times

the executive's average taxable income over the five years preceding the change in control ("280G Limit"). The excise tax equals 20% of the amount of the payment in excess of the executive's base amount.

Under his supplemental retirement arrangement with Berkshire Bank, if Mr. Daly separates from service following a change in control, he will receive the normal retirement benefit, regardless of his age at the time of separation from service. Upon termination in connection with a change in control, Mr. Daly will receive the payment in a lump sum benefit. The agreement provides that benefit payments will commence not later than ten days following the change in control.

Messrs. Millet, Oleksak and Riley have entered into change in control agreements with the Company and the Bank. The change in control agreements provide that if involuntary termination, other than for cause, or voluntary termination (upon the occurrence of circumstances specified in the agreements) follows a change in control of the Company or the Bank, the executive would be entitled to a cash severance payment and continued health benefits. If Mr. Millet's employment is terminated following a change in control, he will receive a cash severance benefit equal to one times his annual average compensation for the five years preceding the change in control and continued health benefits for 12 months following his termination of employment. Under the same circumstances, Messrs. Oleksak and Riley would each be entitled to a cash severance payment equal to three times his average annual compensation for the five years preceding the change in control and health benefits for 36 months following his termination of employment. In addition, each executive would also be entitled to receive a tax indemnification payment if payments under the change in control agreements trigger liability under Section 280G of the Internal Revenue Code for the excise tax applicable to "excess parachute payments." In addition, Messrs. Millet, Oleksak and Riley must comply with a one-year non-competition and non-disclosure provision following their receipt of severance payments under the agreements.

In the event of a change in control of Berkshire Hills or Berkshire Bank, outstanding stock options granted pursuant to our 2001 Stock-Based Incentive Plan and 2003 Equity Compensation Plan automatically vest and, if the option holder is terminated other than for cause within 12 months of the change in control, will remain exercisable until the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest in full upon a change in control. The value of the accelerated options and restricted stock grants count towards each executive's 280G Limit.

The following table provides the amount of compensation payable to Mr. Daly for each of the situations listed below.

Other Information Relating to Directors and Executive Officers

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of any registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These individuals are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of its executive officers and directors has complied with applicable reporting requirements for transactions in Company common stock during the fiscal year ended December 31, 2007, except for two late reports filed by Mr. Mahoney and one late report filed by each of Messrs. Dimock, Millet, Oleksak, Templeton and Shepard Rainie, Executive Vice President of the Bank. Each of Mr. Mahoney's late reports discloses the sale of common stock. Each of Messrs. Dimock, Oleksak and Rainie's late reports was for the receipt of a grant of restricted stock. Mr. Millet's late report reflected one transaction involving the sale of common stock and receipt of a grant of restricted stock. Mr. Templeton's late report disclosed two transactions, one of which involved the exercise of stock options and one of which was the sale of common stock.

Transactions with Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits loans by the Company to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans by the Bank to its executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured financial institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. The Bank is therefore prohibited from making any new loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public. Notwithstanding this rule, federal regulations permit the Bank to make loans to executive officers and directors at reduced interest rates if the loan is made under a benefit program generally available to all other employees and does not give preference to any executive officer or director over any other employee.

Pursuant to the Company's Audit Committee Charter, the Audit Committee periodically reviews, no less frequently than quarterly, a summary of the Company's transactions with directors and executive officers of the Company and with firms that employ directors, as well as any other related person transactions, for the purpose of recommending to the disinterested members of the Board of Directors that the transactions are fair, reasonable and within Company policy and should be ratified and approved. For the 2007 fiscal year, the Company was not engaged in any transactions with related persons of a type or in such amount that was required to be disclosed pursuant to applicable Securities and Exchange Commission rules and regulations.

Also, in accordance with banking regulations, the Board of Directors reviews all loans made to a director or executive officer in an amount that, when aggregated with the amount of all other loans to such person and his or her related interests, exceed \$500,000 and such loan must be approved in advance by a majority of the disinterested members of the Board of Directors. Additionally, pursuant to the

Company's Code of Ethics and Business Conduct, all executive officers and directors of the Company must disclose any existing or emerging conflicts of interest to the Company's General Counsel. Such potential conflicts of interest include, but are not limited to, the following: (i) the Company conducting business with or competing against an organization in which a family member of an executive officer or director has an ownership or employment interest and (ii) the ownership of more than 1% of the outstanding securities or 5% of total assets of any business entity that does business with or is in competition with the Company.

Procedures Governing Related Persons Transactions

We maintain Procedures Governing Related Person Transactions, which are a written set of procedures for the review and approval of transactions involving related persons. Under these procedures, related persons consist of directors, director nominees, executive officers, persons or entities known to us to be the beneficial owner of more than five percent of any outstanding class of the voting securities of the Company or immediate family members or certain affiliated entities of any of the foregoing persons.

Transactions covered by the procedures consist of any financial transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, in which:

- the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year;
- the Company is, will, or may be expected to be a participant; and
- any related person has or will have a direct or indirect material interest.

The procedures exclude certain transactions, including:

- any compensation paid to an executive officer of the Company if such compensation is disclosed according to the proxy rules of the Securities and Exchange Commission or the Compensation Committee of the Board approved (or recommended that the Board approve) such compensation;
- any compensation paid to a director of the Company if such compensation is disclosed according to the proxy rules of the Securities and Exchange Commission;
- any transaction with a related person involving the extension of credit provided in the ordinary course of the Company's business and on substantially the same terms as those prevailing at the time for comparable services provided to unrelated third parties. However, loans on nonaccrual status or that are past due, restructured or potential problem loans are not considered excluded transactions;
- any transaction with a related person in which the amounts due from the related person are for purchases of goods and services subject to usual trade terms, for ordinary business travel and expense payments and for other transactions in the ordinary course of business;
- any transaction with a related person in which the rates or charges involved are determined by competitive bids;
- any transaction with a related person involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services;
- any transaction with a related person involving the rendering of services as a common or contract carrier or public utility, at rates or charges fixed in conformity with law or governmental authority; and

- any transaction in which the interest of the related person arises solely from the ownership of a class of equity securities and all holders of that class of equity securities received the same benefit on a pro rata basis.

Related person transactions will be reviewed by the Audit Committee. In connection with its review, the Audit Committee will consider all relevant factors, including:

- whether the terms of the proposed transaction are at least as favorable to the Company as those that might be achieved with an unaffiliated third party;
- the size of the transaction and the amount of consideration payable to the related person;
- the nature of the interest of the related person;
- whether the transaction may involve a conflict of interest as defined in the Company's Code of Business Conduct; and
- whether the transaction involves the provision of goods and services to the Company that are available from unaffiliated third parties.

For each periodic review of related persons transactions, the Audit Committee will determine if the transactions were fair, reasonable, and within Company policy and will recommend to the disinterested members of the Board of Directors that they should be ratified and approved or make such other recommendation to the Board of Directors as the Audit Committee deems appropriate. If any transaction recommended for ratification and approval by the Audit Committee is not ratified and approved by the Board of Directors, the Secretary of the Audit Committee will provide a report to the Audit Committee setting forth information about the Board's actions.

Submission of Business Proposals and Stockholder Nominations

The Company must receive proposals that stockholders seek to include in the proxy statement for the Company's next annual meeting no later than December 5, 2008. If next year's annual meeting is held on a date more than 30 calendar days from May 15, 2009, a stockholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation for such annual meeting. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission.

The Company's bylaws provide that, in order for a stockholder to make nominations for the election of directors or proposals for business to be brought before the annual meeting, a stockholder must deliver notice of such nominations and/or proposals to the Corporate Secretary not less than 90 days before the date of the annual meeting. However, if less than 100 days' notice or prior public disclosure of the date of the annual meeting is given to stockholders, such notice must be received not later than the close of business of the tenth day following the day on which notice of the date of the annual meeting was mailed to stockholders or prior public disclosure of the meeting date was made. A copy of the bylaws may be obtained from the Company.

Stockholder Communications

The Company encourages stockholder communications to the Board of Directors and/or individual directors. All communications from stockholders should be addressed to Berkshire Hills Bancorp, Inc., 24 North Street, P.O. Box 1308, Pittsfield, Massachusetts 01202. Communications to the Board of Directors should be in the care of Kevin P. Riley, Corporate Secretary. Communications to individual directors should be sent to such director at the Company's address. Stockholders who wish to communicate with a Committee of the Board should send their communications to the care of the Chair of the particular committee, with a copy to Lawrence A. Bossidy, the Chair of the Corporate Governance/Nominating Committee. It is in the discretion of the Corporate Governance/Nominating Committee whether any communication sent to the full Board should be brought before the full Board.

Miscellaneous

The Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by mail, Georgeson, Inc., a proxy solicitation firm, will assist the Company in soliciting proxies for the annual meeting. The Company will pay a fee of \$8,000 for these services. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Company. Additionally, directors, officers and other employees of the Company may solicit proxies personally or by telephone. None of these persons will receive additional compensation for these activities.

The Company's Annual Report to Stockholders has been included with this proxy statement. Any stockholder who has not received a copy of the Annual Report may obtain a copy by writing to the Corporate Secretary of the Company. The Annual Report is not to be treated as part of the proxy solicitation material or as having been incorporated by reference into this proxy statement.

If you and others who share your address own your shares in "street name," your broker or other holder of record may be sending only one annual report and proxy statement to your address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if a stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she should contact the broker or other holder of record. If you own your shares in "street name" and are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting your broker or other holder of record.

Whether or not you plan to attend the annual meeting, please vote by marking, signing, dating and promptly returning the enclosed proxy card in the enclosed envelope.
